The Past in Today

Chapter 1 by Lauren

I'm 25 years old but my age is getting smaller every year unlike most people I don't get older I get younger and my actions now affect my life as I get younger.

I'm at the market picking out some fruits and vegetables when my husband appears next to me. Everyday he gets older.

Chapter 2 by Weirdfriendlessgirl

This is what scares me most: You can always get older the numbers don't stop. But getting younger?

What happens when I hit zero?
Will I die?

Will I disappear? I don't know.

And my husband....How long can I stay married to him? Nineteen, eighteen maybe?

Why did this have to happen to me?
